React | HTML5 | JavaScript | CSS3 | Responsive Web Design | Redux | TypeScript | MySql

SOFT SKILLS

Time Management | Teamwork | Problem Solving

PROFESSIONAL SUMMARY

Dynamic Frontend Developer with expertise in React.js, adept at creating scalable user interfaces and ensuring cross-browser compatibility. Possesses strong problem-solving skills and rapid adaptability to new technologies, including Generative AI. Committed to enhancing user experiences through seamless integration with backend systems and continuous learning.

PROJECTS

1. OwnField | 🌐 | 🎤
JavaScript | React | CSS3 | HTML5 |
Responsive Web Design

- Developed a responsive web application using React, CSS3, and HTML5 to facilitate direct purchasing of fresh produce.
- Implemented a real-time search feature for crops by location, category, and availability, enhancing user experience.
- Created farmer and client dashboards enabling crop listing and order placement with secure transaction protocols.
- Integrated a chat system for real-time communication between farmers and clients, improving engagement and service delivery.
- Focused on Responsive Web Design to ensure accessibility across a variety of devices.
